

PROFESSIONAL SUMMARY

First-year Computer Science Engineering (AI & Machine Learning) student with a CGPA of 9.1. Passionate about Artificial Intelligence, Machine Learning, Data Analytics and Software Development. Skilled in Python, Java, HTML, CSS, JavaScript, NumPy, Pandas and Matplotlib with hands-on experience in frontend development and exploratory data analysis. Seeking internship opportunities to apply technical knowledge while continuously learning modern technologies.

EDUCATION

Qualification	Institute	CGPA / Percentage
B.Tech in Computer Science Engineering (AI & ML)	Dronacharya College of Engineering (Present)	CGPA: 9.1
Class XII (2025)	Govt. Girls Senior Secondary School, Gurugram	90.8%
Class X (2023)	Lord Krishna Convent School, Gurugram	93%

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Web Development:** HTML5, CSS3, JavaScript
- **Libraries:** NumPy, Pandas, Matplotlib
- **Database:** MySQL (Basic)
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Machine Learning (Basics)

PROJECTS

- Amazon Clone

HTML5, CSS3

– Developed a responsive Amazon homepage clone using HTML5 and CSS3.

– Designed the navigation bar, product section and footer similar to Amazon.

– Improved understanding of responsive layouts and CSS Flexbox.

GitHub
- Flipkart Clone

HTML5, CSS3

– Built a responsive Flipkart homepage clone using HTML5 and CSS3.

– Created reusable UI components including navigation bar, product cards and footer.

– Strengthened frontend development and responsive web design skills.

GitHub
- Titanic Exploratory Data Analysis

Python, Pandas, NumPy, Matplotlib

– Performed data cleaning and exploratory analysis on the Titanic dataset.

– Visualized passenger survival trends using Matplotlib.

– Generated meaningful insights using Pandas and NumPy.

GitHub

CERTIFICATIONS

- Programming Using Python – Infosys Springboard
- Programming in C – Infosys Springboard
- Soft Skills and Personality Development – NPTEL

ACHIEVEMENTS

- Participated in Xpecto 2026 Hackathon organized by IIT Mandi.
- Secured a CGPA of 9.1 in the first semester of B.Tech (AI & Machine Learning).

LEADERSHIP & ACTIVITIES

- Volunteer for IBM Drive at Dronacharya College of Engineering, assisting in event coordination and student management.
